ArahWeave 8 Keyboard shortcuts

Fabric save status
 Left click on red / green square closes all windows

Saved changes (green arrow)
 Unsaved changes (red arrow)

Ruler in fabric simulation

Left mouse button Moves the ruler starting point

Right mouse button Positions cursor on specific yarn in Thread pattern editor

Click on unit switches → cm | 0 | 1 | 2
 between cm/inch and threads

Thread pattern editor
Denting in weave editor
Regulator in weave editor

The selected yarn blinks in the fabric simulation

Works inside repeat. Move fabric to bottom left

Move view, selection or selected object

Move up (Up arrow) Move down (Down arrow)

Move left (Left arrow) Move right (Right arrow)

Up one page (Page up) Home Move bottom left

Down one page (Page down) End Move bottom right

Drafting in Weave editor

Shift

Left click	Copy card to weave	Split shaft in two
Right click	Delete drafting	
Middle click	Copy weave to card	
Drag down	Move shaft	
Drag right	Draw straight drafting	

Weave editor

	Ctrl	Alt	Shift
1	Numeric drafting		
2	Numeric weave		
A	Select all		
B		Browse weave

Editing thread pattern in editor's thread pattern row or column with mouse

A warp or weft thread to draw with has to be selected in Edit thread pattern or Yarns or Edit colors window. To replace consecutive threads of same color with another color, use CTRL+click.

Repeating a weave across all editor's area with Ctrl + left click

Ctrl Alt Shift

Left click	Duplicate row / column	Insert black row/column	Insert negative row/column	Insert empty row/column
Right click	Delete row / column			
Middle click	Resize to row / column			

File browsers (fabrics, images, weaves, cards)

=	Start ordered slideshow		
?	Start random slideshow		
!	Write a list of files in csv format		
U		Reload	Pressing a first letter of a directory or a file name in the browser positions selection on a directory or file starting with that letter.
Delete	Delete		
Up	Change selected file – move up		
Down	Change selected file – move down		
Left	Change selected file – move left		
Right	Change selected file – move right		
Page up	Change selected file – move one page up		
Page down	Change selected file – move one page down		
Home	Change selected file – move to the first file		
End	Change selected file – move to last file		
Enter	Load		
Left click	Select		
Double click	Load		
Left click on the file name	Rename		

Jacquard conversion

	Ctrl	Alt
1	Load default weave – cut*	
2	Load plain weave*	Multiply weave x 2*
3	Load twill weave*	Multiply weave x 3*
